- 3-5 pm Set up church (fellowship hall)

Saturday at Old St. Paul's Lutheran Church (fellowship hall)

- 7:30 am Registration begins (Hospitality Room open)
- 8:00 am Business Meeting
- 9:00 am #1 The learning Center at PARI..... Don Cline
Nestled in the mountains of the Pisgah National Forest at a former 200 acre NASA facility, The Learning Center at PARI takes science and technology out of the classroom and into the realm of the imagination. The campus includes cabin lodging and on-site dining, hiking trails, hands on space and earth science exhibit galleries, scenic mountain views and campus tours
- 10 am #2 Finding the FarmPhil Cline
*Almost 300 Years ago, brothers Bernard and Sebastian Klein claimed a 238-acre farm along the colonial frontier in Philadelphia County, Pennsylvania. The farm was a gathering point for the family as they immigrated from Germany in the 1740s. Bernard Klein kept the farm after his brothers resettled in North Carolina, but the location of the farm was lost to history. Author Philip Cline's Reunion Presentation and his companion book (*Finding The Farm, The Search for the Kleins' First Roots in Pennsylvania*) uses original documents from the Pennsylvania Archives and Berks County with photographs of relevant historical places to trace the ownership of the Klein farm from 1734 to the present.*
- 11 am #3 Old St. Paul's Historic Lutheran ChurchRandy Sigmon
In 1818, eight acres of land was donated to the church, which probably was the start of construction for the historic facility. This year, 2018, marks the 200th anniversary.
